24HR./7 DAY TECH-SUPPORT

(800) 878-5668

Your need for customer support is not limited to an eight hour work day. You are guaranteed prompt attention, just give us a call 1-800-878-5668.

9 Full-Time Service Engineers

When your machine is down, returning it to production is our job! We have over 75 years combined experience on our service team. Each service engineer has access to spare parts in order to minimize your down time.

KANSAS SERVICE:

Lynn Ungles—Service Manager
Donald Dufield—Service Engineer
Barry Jones—Service Engineer
David Shue—Service Engineer
Mike Welsby—Service Engineer

OKLAHOMA SERVICE:

Ann Stuart—Service Manager
Robert Merkov—Service Engineer
Daniel Taylor—Service Engineer

MISSOURI SERVICE:

Jerry Steele—Service Engineer

Warranty And Post Warranty Machine Service

While your machine is under warranty, a prompt service response is an industry standard. Providing service over your machine's entire life cycle is the KOMT standard.

Parts Support

KOMT has parts specialists that are dedicated to locating, ordering and shipping parts in the most efficient and cost-effective way, utilizing many different resources, not just the machine manufacturer.

KANSAS PARTS:

Lynn Ungles
Larry McAdow

OKLAHOMA PARTS:

Ann Stuart
Margo Slyter
Judy Wallace

In-House Parts Repair and Exchange

Sometimes the part for your machine cannot be found or may have a long delivery time. KOMT can often provide repair or manufacture your part.

Turn-Key Solutions & Programming Support

Whether you have a quick programming question or are in need of an entire turn-key manufacturing process, our applications engineer will be able to support your needs.

Jack McAnally—Applications Engineer

Employee Owned Company

KOMT is an ESOP, so you know that you are dealing with people who care. When you are dealing with a problem, we take ownership and make it our problem

Kansas-Oklahoma Machine Tools is a long-standing member of the **American Machine Tool Distributors Association**. KOMT has represented the industry for a substantial number of years and has proven themselves qualified in the areas of financial responsibility, technical competence and marketing know-how. *They are respected for their highest level of integrity.*

American Machine Tool Distributors' Association

Our sales engineers have over 230 years of combined experience. Most of our sales people are **Certified Machine Tool Sales Engineers**. The CMTSE program is the first nationally known program to acknowledge individuals who possess the skills, knowledge and integrity to perform effectively as machine tool salesmen.
